

Retrogrip Safety Tread

- Retrogrip improves the safety of slippery ramps and steps
- Patented anti-slip surface exceeds NZ safety standards
- Retrogrip is designed to fit to existing timber ramps, steps and decks
- Retrogrip is self-draining to minimise icing and falls
- Stainless steel fastenings assist in preventing corrosion
- Easy to install – any handyman or builder can do the job
- Safer and tidier than covering existing timber with netting
- Reduces maintenance required on timber surfaces
- Retrogrip is also available to project contractors nationwide
- NZ designed and manufactured
